BROADWAY BARKS 11

A STAR STUDDER DOG AND CAT ADOPT-A-THON

WWW.PLAYBILL.COM

July 11, 2009

Dear Friends,

Thank you for joining us today for our 11th Annual BROADWAY BARKS! We are thrilled that BROADWAY BARKS continues to be such a popular and joyous event, and are proud to have your support and enthusiasm.

Because of our cause, we have helped to lower the euthanasia list here in New York steadily over these past 11 years. More and more pets are being adopted from shelters and rescue groups in our area, because of your support of our mission. Shelter adoption remains a passionate priority for BROADWAY BARKS!, but the pet overpopulation crisis can't be remedied by adoption alone. The number one way to prevent overpopulation and save animals' lives is by spaying and neutering.

We're doing our part to make New York City a more humane place for animals. Through our collaborative efforts, of which BROADWAY BARKS is a part, we're moving steadily toward our goal of ensuring that every healthy and treatable dog and cat in New York City has a home. In 2002, the rate of euthanasia among shelter animals was at 74% of the total intake. Last year, the number of animals euthanized in NYC shelters has dropped to 39% of the total intake. In just the last few years, 15,000 fewer animals

Both of our lives have been touched by the animals we've adopted through rescue groups and shelters, and we know the same is true for you. Unlike many people who look to breeders and pet shops for "the perfectly bred pet," we understand to bypass shelters is to dismiss perfectly loving and lovable companion pets like the ones we will meet today. Without our love, concern, and compassion these animals face an uncertain future.

We encourage you to Make Pet Adoption Your First Option™. Whether you are crazy about puppies, adult doggies already housebroken or are looking to bring a cat into your life, here's hoping you find a "purr-fectly" marvelous soulmate at BROADWAY BARKS II!

Love,

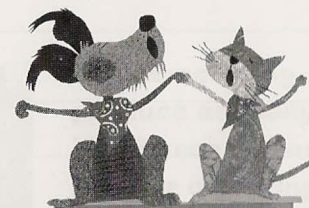

Mary Tyler Moore

THE BENEFITS OF SPAY & NEUTER

THERE ARE GREAT BENEFITS TO SPAYING & NEUTERING FOR YOUR PETS:

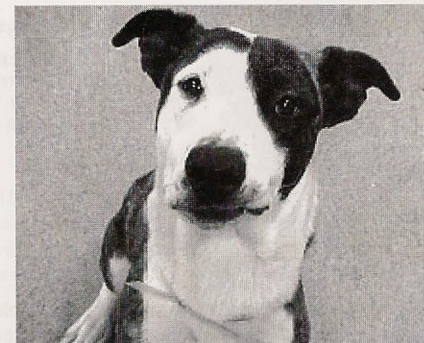

- Spaying and neutering help your dogs and cats live longer, healthier lives.
- Spaying and neutering can eliminate or reduce the incidence of a number of health problems that can be difficult or expensive to treat.
- Spaying eliminates the possibility of uterine or ovarian cancer and greatly reduces the chances of breast cancer, particularly when your pet is spayed before her first estrous cycle.
- Neutering eliminates testicular cancer and decreases the incidence of prostate disease.

THERE ARE ALSO GREAT BENEFITS FOR YOU:

- Spaying and neutering makes pets better, more affectionate companions.
- Neutering cats makes them less likely to spray and mark territory.
- Spaying dogs and cats eliminates heat cycles. Females in heat can cry incessantly, show nervous behavior, and attract unwanted male companions.
- Spaying and neutering makes pet less likely to bite.
- Unsterilized animals often exhibit more behavior and temperament problems than do those who have been spayed or neutered.
- Neutering makes pets less likely to roam the neighborhood, get into fights, or run away.

About the ASPCA®

Founded in 1866, the ASPCA® (The American Society for the Prevention of Cruelty to Animals®) was the first humane organization established in the Americas, and today has more than one million supporters throughout North America. A 501c3 not-for-profit corporation, the ASPCA's mission is to provide effective means for the prevention of cruelty to animals throughout the United States. The ASPCA provides local and national leadership in animal-assisted therapy, animal behavior, animal poison control, anti-cruelty, humane education, legislative services, and shelter outreach. The New York City headquarters houses a full-service, accredited, animal hospital, adoption center, and mobile clinic outreach program. The Humane Law Enforcement department enforces New York's animal cruelty laws and is featured on the reality television series "Animal Precinct" on Animal Planet. For more information, please visit www.asPCA.org.

Anjellicle Cats Rescue is an all volunteer, not-for-profit 501c3 organization. For over fifteen years our Hell's Kitchen group has been a lifeline for abandoned, stray and orphaned cats and kittens. Our priority is working with the city shelter to place the cats that end up there into permanent, loving homes. Our goal is to help make New York City a no-kill city.

Well known within the Broadway community, we've been featured on NY1, Fox 5 television and the Food Network. Come visit our "cat room" today at Spoiled Brats and maybe you'll find a new friend - one of our truly "Anjellicle Cats" - or join our volunteer/foster program and help save a life!

City Critters is an all volunteer no-kill animal rescue and adoption group formed in 1994. We rescue and care for homeless cats, kittens and small dogs, find them permanent homes through our adoption program, promote spay/neuter, and offer advice and assistance to members of the community seeking to find humane solutions to problems involving homeless animals. Our dedicated volunteers work mainly in midtown and downtown Manhattan. We're a foster network, not a physical shelter, but we do maintain a small adoption center in Petco's Kips Bay store at 31st Street and Second Avenue, where you can visit some of our beautiful cats 7 days a week during store hours.

Adoption counselors are present on weekend afternoons from noon to 6 p.m. We depend on community support for our survival; donations can be made by mail or through our website.

Since 1904... the Humane Society of New York Clinic and Vladimir Horowitz / Wanda Toscanini Horowitz Adoption Center has been protecting and caring for city animals – and a lot of them! Today, its hospital, spay/neuter clinic and adoption center care for more than 33,000 dogs and cats annually, who otherwise would not receive care anywhere else. Dedicated to protecting and caring for city animals, the Society has long been noted in its field for its innovative, highly individualized approach to animal care, its pioneer attitude is now reflected in programs coming to the fore worldwide. The Humane Society of New York's hospital, which maintains low prices to keep animals well and healthy, as well as its Animal Mukti Free Spay/Neuter Program, is open seven days a week. Its adoption department is also open 7 days a week from 10:30 am – 4 pm and is always filled with beautiful, healthy pets, plus staff that wants to help you make a "love match", with a dog or cat that suits your lifestyle. Long Island Greyhound Transfer, (L.I.G.H.T.) is the first and original 501c3 Long Island based non-profit greyhound rescue organization. Each year, thousands of young greyhounds between the ages of 2 and 5 years old are no longer able to make it at the track. Unfortunately, many of these hounds may end up being put down.

You do not need a huge backyard to adopt a greyhound. Contrary to popular belief, they are not "high strung" and require no more exercise than any other typical dog. Being so docile, they often do quite well in city apartments and condos.

Manhattan Valley Cat Rescue is a 501c3 group formed by neighborhood volunteers who united to ease the plight of abandoned cats and kittens living on the streets of Manhattan Valley (100 Street to 110 Street, between Amsterdam Avenue and Central Park West). This is an area which has undergone much gentrification, and with that, many of the poorer residents have been forced out, some leaving their cats behind. This has also resulted in many of the vacant lots and abandoned buildings disappearing, places that stray cats called home. As options for these cats shrink, so do their chances of surviving on the streets, and it is with this in mind that we are dedicated to rescuing them. Beyond this we also work with neighborhood stores, to convince them to neuter and properly care for their store cats. In over 10 years of rescue work we have saved almost 500 cats from the streets of our neighborhood. Through the use of a small network of foster homes and donated space we are currently caring for over 60 cats. Many of these have not been able to get adopted due to health or behavioral problems and since we are strictly no kill, we are committed to caring for these cats, regardless of their adoptability. We pledge to keep them safe, happy and healthy. All our rescues are fully vetted, neutered, and fed only top quality healthy diets. Our long term goal is to acquire land to set up a spacious sanctuary for our rescues, so that they can live out their lives in safety and comfort.

The challenge of finding a pet a great home is very different from just finding a home for a pet. Pet-I-Care's success is not measured by the numbers adopted, but by the quality and care that is put into every animal that comes to us, which is proven by our almost non-existent return rate. Our kids become part of our family, but we still always know, "There's No Place Like Home".

Dear Friends:

By drawing upon the generosity of the theatre community, Broadway Cares/Equity Fights AIDS raises funds for AIDS and family services across the country.

In appreciation for the theatre's community's unprecedented commitment to over 21 years of fundraising, BC/EFA is happy to support other cause-related services particularly dear to those in our community who make our support for AIDS-related services possible.

Today BC/EFA proudly joins Bernadette Peters, Mary Tyler Moore and many of Broadway's best at BROADWAY BARKS !!

We are happy to welcome 26 animal shelter and rescue organizations to Shubert Alley and thrilled that since the first BARKS in 1999 over 600 previously abandoned but terrific dogs and cats have found forever, loving homes.

We are glad to help those in our community whose compassionate concern for others includes many sweet, four-legged friends and the animal-loving organizations gathered today in Shubert Alley.

So if you're thinking about adopting a dog or cat....just do it. You'll have a good pal for life.

But perhaps George Bernard Shaw said it best:

"I like a bit of mongrel myself, whether it a man or a dog; it's best for every day." Absolutely.

Dear Friends:

By drawing upon the generosity of the theatre community, Broadway Cares/Equity Fights AIDS raises funds for AIDS and family services across the country.

In appreciation for the theatre's community's unprecedented commitment to over 21 years of fundraising, BC/EFA is happy to support other cause-related services particularly dear to those in our community who make our support for AIDS-related services possible.

Today BC/EFA proudly joins Bernadette Peters, Mary Tyler Moore and many of Broadway's best at BROADWAY BARKS !!

We are happy to welcome 26 animal shelter and rescue organizations to Shubert Alley and thrilled that since the first BARKS in 1999 over 600 previously abandoned but terrific dogs and cats have found forever, loving homes.
